You can share this report with your mediator, lawyer or notary. Ask them to check the distribution basis, unresolved questions and any legal steps needed to put agreements into effect.

What this report records

Values and arrangements come from dossier participants. Equity.me does not verify ownership, determine legal rights, transfer assets or amend creditor agreements. An agreement shown here means both partners confirmed that proposal in the tool.

Private notes are excluded. Treat this report as confidential because it contains shared financial information.
